Campaign for

**PAID
FAMILY
LEAVE**

Want to know where Connecticut stands on getting Paid Family Leave for every eligible person in the state? Paid Family Leave is moving forward in Connecticut with bipartisan support. Our state may become the 5th state after New York, Rhode Island, New Jersey and California to pass the Paid Family Leave Act. Learn about why is this act important to organizations, businesses, young parents and working caregivers, and what can we do to support it.

Join WWN and FLY for a conversation with Catherine Bailey, Co-Chair of the Connecticut Campaign for Paid Family Leave, and the Legal & Public Policy Director of Connecticut Women's and Legal Fund (CWEALF). Feel free to bring your own lunch. Dessert and water will be provided.
